For any entrepreneur their company is like their family. We build them with our whole heart, put our blood and sweat with only one purpose, to accomplish it, it is to develop and flourish.

In a family, we take care of each other's well-being and make sure that everything goes smoothly. Similarly for me Isha's Hair & Beauty is like a family.

Here, we all take care of each other, take care of the responsibilities we have, so that we can all make our dream come true.

We are a Ready to empower strong, independent men and women through unmatched quality which transcend seasonal trends & memories you can truly remember for life.

ABOUT US BY ISHA

I had an eager to pursue beauty therapy as a career because I truly feel that it makes a difference to other people's lives. In a society which is both demanding and fast paced, I feel that beauty therapy has an essential place; in terms of its relaxing and therapeutic qualities and its ability to enhance an individual's sense of calm, wellbeing and self-confidence.

With that intent Isha's Hair & Beauty was formed back home in Sri Lanka in the year 2001. I then subsequently opened another branch in Colombo before I migrated to Australia in the year 2006.In all these years, what has passed, we have seen all this - successes and failures, highs and lows, celebration and crisis, that is a combination of everything. But the one thing we never did was accept 'defeat'. This, our faith in each other, our trust on each other and our commitment to our brand are those factors which brought us to the place where we are today. I will never see-through this successful journey without the support from you. My family & my loving employees are always my strength and spine for Isha's Hair & Beauty.
